

GOAL: Build bridges in the community.

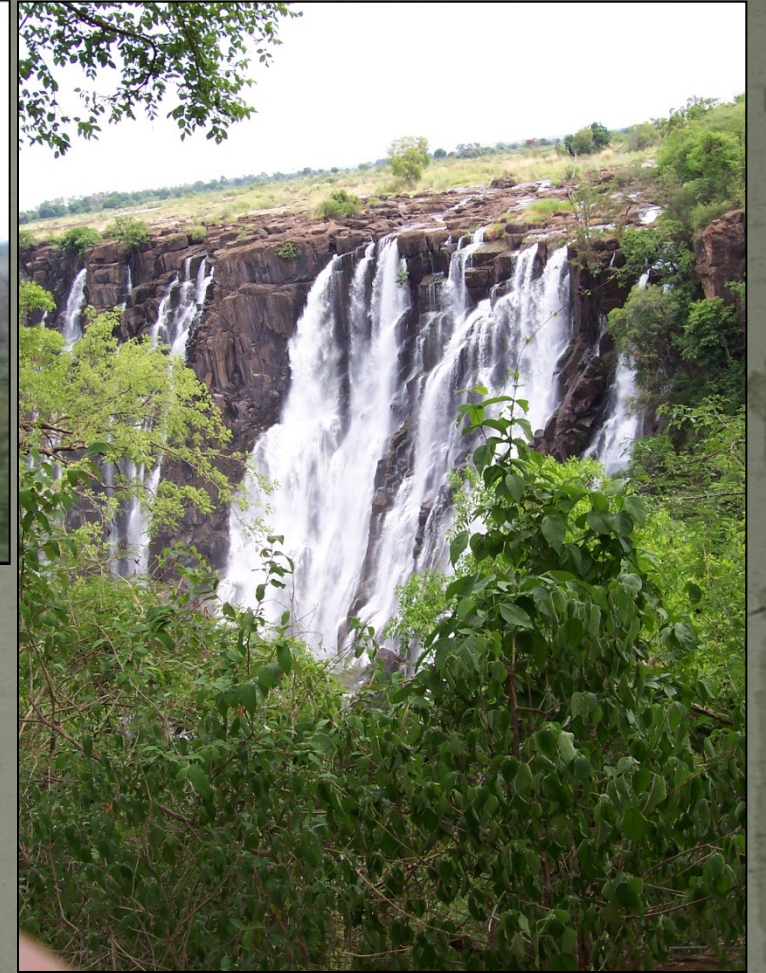

WHY: To build better relationships in the community.

African Environmental Issues

Caring for the environment

In The Rain Season

Wildlife

Tree planting

Africa- Skills development

Education for girls and women to reduce poverty

Main Sources of Energy

Trees are a source of firewood and charcoal for cooking.

Alternatives - Solar energy is expensive.

Gas is considered dangerous due to poor health and safety.

Electricity supply is dependant on the water levels, low supply during droughts.

Partnership – working together

Cultural meal share:
St. Johns Church, STCG & Sizzlers Fast Foods.

Abbey Hulton Partnership - Battery Safety

Creating awareness around safe ways to store & disposal of button batteries.

Having secure disposal bins for batteries in shops and homes

Health visitors to provide information to new mothers.

For a Better World and Environment

- Give away old and unwanted items eg. Clothes, IT equipment etc.
- Share skills and knowledge
- Improve access to food, water , health care and education
- Better recycling and waste disposal
- Lets all play our part in order to have a better world and a better environment.
